 Ann goes to the dental office. The dental hygienist cleans her teeth. The dentist checks her teeth.

### What does the hygienist do?

**1** She talks to Ann about her teeth.

**2** She takes X-rays.

**3** She cleans Ann's teeth.

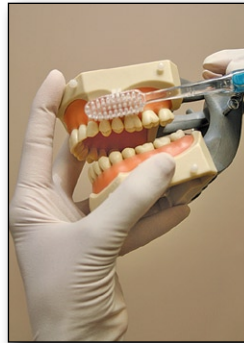

**4** She polishes Ann's teeth.

 More on page 2

Just rinse.  
Don't swallow.

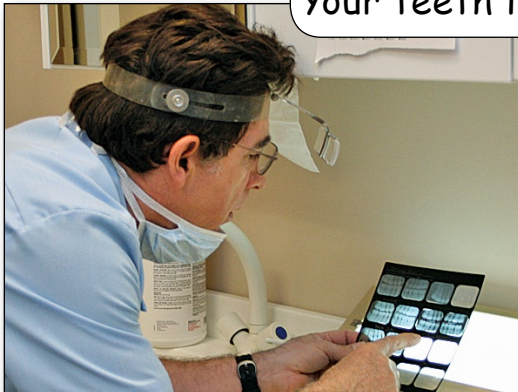

**5** She gives Ann fluoride.  
It protects Ann's teeth.

**6** She shows Ann  
how to brush and floss.

### What does the dentist do?

Your teeth look good.

**7** He looks at the X-rays.

**8** He checks Ann's teeth.
