My name is Radosveta.  
But in Canada, my name is Joy.  
I am from Bulgaria.

Bulgaria is a small country  
in southeast Europe on the  
Black Sea. Bulgaria has a  
1,326-year history.

My country is famous for:

- yogurt
- rose oil used in the perfume industry
- Bulgarian feta cheese

I am a meat technologist.  
I have a master's degree from  
the Bulgarian University of  
Food Technology.

I have been in Canada for  
two years. I work as a lead  
hand in a slicing room for  
sausages.

English is my fourth  
language. When I arrived  
in Canada, my English was  
very poor. I feel more  
comfortable now.
