

CLN Support Services Overview

Community Learning Network (CLN) works in collaboration with and receives funding from the Government of Alberta to provide professional development and resources to organizations receiving a Community Adult Learning Program grant.

CLN provides the following supports and services to staff and boards of CALPs across Alberta:

Regional Support Network

CLN has full-time staff located regionally who are dedicated to providing customized support, mentoring, and training.

CLN Staff are available to support you through in-person site visits, online, telephone and email.

Professional Development and Training

CLN works closely with the government, and CALPs in each region to identify and prioritize local training needs. Our team provides face-to-face, online, and blended training, networking, and other professional learning opportunities.

CALP Portal www.calp.ca

This is your “one-stop-shop” online for information, resources, training opportunities, and connections with peers around Communities of Practice regionally and across the province.

To request a CALP Portal profile, complete the online form at <https://calp.ca/user/request>

Literacy & Learning Symposium

CLN’s annual Symposium features in-depth training opportunities, a wide variety of breakout sessions and inspiring keynote speakers. It includes both an in-person and online opportunity for learning.

There are many great opportunities to network and connect with colleagues from across the province.
